Red Radish

Game Instructions:
Hand out a black and white radish sheet to each player. Place play figures on START. Taking turns, each player rolls the die and advances the rolled number of places. If he/she lands on a picture, the player needs to identify if the picture starts with the beginning sound /r/. If the picture begins with the letter R and the player correctly identified it, he/she can color one of his radishes red or place a red counter on a radish. The winner of the game is the player who has the most radishes colored at the end of two rounds.
